

RICK EPTING FOUNDATION FOR THE ARTS

Supporting Arts in the Northwest

Foundation Grant Guidelines

Although all grant requests we receive will each be considered on their individual merits, our grant review is structured so as to promote our Mission, which is:

“To provide financial support for local artists and arts organizations and to promote and encourage live performance shows.”

Priority is given to artists or arts organizations located in, or proposing projects concerning, the Greater Skagit County area.

No priority is given to type of proposals; i.e., Program, Project, Capital or Operating Proposals are considered equally.

Historically, our average grant has been \$250 – \$500 in size.

Our 2011 Emphasis Area is ‘Youth in the Arts’

We do prefer proposals that have matching support, e.g., other sponsors, donations, in-kind services, volunteers, etc.

Prior grant recipients are listed on our website at:
www.rickeptingfoundation.org
